WE HAVE THE PERFECT DRONE FOR LEARNING HOW TO FLY!!

Because the INDOOR TOY DRONES we offer do not have GPS or OBJECT-RECOGNITION TECHNOLOGY, it means the drone pilots will be required to keep their hands and thumbs on the controller. This is important for various SKILL CHALLENGES because it forces the pilot to actually control the drone 100% of the time!!

Main Features:
- 6-axis Gyro stabilization system makes the helicopter more stable and flexible when flying. It has the characteristics of wind-resistance and can be flown indoor or outdoor
- Modular design structure is applied, more simple for assembly and convenient for maintenance
- Equipped with HD Camera
- Left/Right hand throttle mode can be changed by the transmitter.

Specifications:
- Control Mode: 2.4Ghz Remote Control
- Control Distance: about 30m
- Battery for Drone: 3.7V 500mAh LiPO Battery (Included)
- Charging Mode: USB charging
- Charging Time: About 100 mins
- Play Time: About 5-7 mins

Package Includes:
- 1 x RC QuadCopter
- 1 x 2.4G Remote Controller (does not include 4 x 1.5v AA batteries)
- 1 x USB charging cable
- 8 x Propellers
- 4 x Prop Guards
- 1 x Micro SD Card
- 1 x Card Reader
- 1 x Screwdriver
- 1 x 3.7V 500mAh LiPO battery
- 1 x Instruction Manual

This is an incredible value for an easy-to-fly out-of-the-box drone!!

As an optional purchase, we also offer extra batteries to enhance your flight experience.

Equipped with 2MP HD Camera, the pilot can take photos and videos when flying the drone.
The drone comes with a battery and cable that is easily recharged with a USB connection.
The drone comes with prop guards, extra propellers, and an SD Card with reader.
