Price List – January 2021

“Drone Theory & Design” Curriculum ONLY (16 Units/Full Semester) \$1599

This is a full **16-Unit** curriculum based on the **engineering design process**, meaning the students work in teams to design and solve activity challenges. Each unit contains student handouts, PowerPoint presentations, vocabulary lists with quizzes, **STEM-based** student activities, final unit quiz, and teacher lesson plans. This curriculum comes with the option to purchase **230mm “Ready-to-Fly” Indoor Toy Drones** or choose **RealFlight™ Drone Flight Simulators** to enhance the student’s experience. This full 16-Unit “Drone Theory & Design” Curriculum is written as a semester-long course if every activity is carried out.

“Drone Theory & Design” Curriculum (w/5 Ready-to-Fly Drones) \$2074

“Drone Theory & Design” Curriculum (w/10 Ready-to-Fly Drones) \$2549

“Drone Theory & Design” Curriculum (w/20 Ready-to-Fly Drones) \$3499

“Drone Theory & Design” Curriculum (w/1 RealFlight™ Drone Flight Simulator Software) \$1949

(NOTE: Add \$350 for each additional simulator and \$95 for each additional RTF drone)

Drone Design “Lite” Curriculum ONLY (8 Units) \$999

This is a “lighter” version of the full “Drone Theory & Design” Curriculum. By comparison, this version has been truncated to **8 Units** which reduced the content and activities. Unlike the 16-Unit curriculum above, the **Drone Design “Lite” Curriculum** is not based on the **engineering design process**. Being a “shorter” curriculum, **Drone Design “Lite”** is perfect for after-school and summer programs, or for schools who want to incorporate drone design into their current coursework. **230mm “Ready-to-Fly” Indoor Toy Drones** may be purchased as add-ons or choose **RealFlight™ Drone Flight Simulators** to compliment the **Drone Design “Lite” Curriculum**.

(see ADD-ON prices below).

“Drone Essentials” Curriculum ONLY (5 Units) \$399

This is a cost-effective way to introduce drone theory and flight basics into your current curriculum.

This 5-unit package comes complete with student handouts, PowerPoint presentations, vocabulary lists and quizzes, unit activities, and overall unit quizzes. There is an option to purchase **230mm “Ready-to-Fly” Indoor Toy Drones** as add-ons or choose **RealFlight™ Drone Flight Simulators** to compliment the curriculum to

provide your students with a meaningful application of their knowledge.

“Drone Essentials” Curriculum (w/1 RealFlight™ Drone Flight Simulator Software) \$749

“Drone Essentials” Curriculum (w/ 5 Ready-to-Fly Drones) \$874

“Drone Essentials” Curriculum (w/ 10 Ready-to-Fly Drones) \$1349

(NOTE: Add \$350 for each additional simulator and \$95 for each additional RTF drone)

“Learn-to-Fly” Curriculum ONLY (8 Units) \$799

This 8-unit package comes complete with student handouts, PowerPoint presentations, vocabulary lists and quizzes, unit activities, and overall unit quizzes. Units 4 & 5 focus on progressive indoor activities intended to enhance flight skills. The toy drones recommended for the “Learn-to-Fly” curriculum are intended to be flown indoors only. Because the flying occurs indoors, these units are not under FAA oversight. This curriculum is perfect for after-school and summer programs. Ready-to-Fly Drones are pre-assembled out of the box and easy to fly!

w/5 Ready-to-Fly Drones \$1274

w/10 Ready-to-Fly Drones \$1749

w/20 Ready-to-Fly Drones \$2699

(NOTE: Add \$95 for each additional RTF drone)

“UAS Remote Pilot Certification (FAA Part 107 Training)” (12-Unit Curriculum w/Supplements) \$1199

Training curriculum for the FAA’s Remote Pilot Certification. Semester-long course. Comes with the option to purchase 230mm “Ready-to-Fly” Indoor Toy Drones or RealFlight™ Drone Flight Simulators to enhance the student’s experience.

“UAS Remote Pilot Certification” Curriculum (w/ 5 Ready-to-Fly Drones) \$1674

“UAS Remote Pilot Certification” Curriculum (w/ 10 Ready-to-Fly Drones) \$2149

“UAS Remote Pilot Certification” Curriculum (w/ 20 Ready-to-Fly Drones) \$3099

“UAS Remote Pilot Certification” Curriculum (w/1 RealFlight™ Drone Flight Simulator Software) \$1549

(NOTE: Add \$350 for each additional simulator and \$95 for each additional RTF drone)

ADD-ONS: Ready-to-Fly Indoor Toy Drones / Simulator Software

- 230mm “Ready-to-Fly” (RTF) Indoor Toy Drones ea. \$95
- Extra 230mm Drone Batteries (4 QTY) plus Multi-Charger \$35
- RealFlight™ Drone Flight Simulator Software ea.\$350

NOTE: Curriculum units will be available for immediate download. Drones and other accessories are subject to in-stock availability. Large orders may require additional lead-time. Most orders are shipped within 2 weeks.
